

NAI

Novia Associates, Inc.

Architectural

We Can Do It.

NAI manufactures a wide variety of architectural sound control products.

Shown above is a double basketball court isolated from a theater below on our **SFF** Spring isolated Floating Floor system. This was part of a 12,000 square-foot floating floor project.

This picture shows a crew jacking the floor to provide a 2" air gap below the six inch thick floating slab.
